

Privacy Notice Supplement: Account Applications and Signatures

GY Capital Group LLC - Version October 15, 2026

This supplement adds to the Kassia [Privacy Notice](#) of GY Capital Group LLC ("GY Capital", "we", "us"). It describes the information we collect when you complete the Kassia account application and sign your agreements, and what we do with it. Where it says something the Privacy Notice does not, this supplement applies.

1. What we collect

- Your full legal name and the email address on your account.
- Your answers to the application's eligibility questions, including whether you or members of your family or household work for, or have relationships with, regulators, exchanges, brokers, banks or other financial institutions, or hold certain public positions.
- The outcome of your application, and any exception our compliance staff approve, with their notes.
- Which version of each agreement and disclosure you were shown, identified by a digital fingerprint (a SHA-256 hash).
- Your acknowledgments, your consent to electronic records, and your choice about sharing your trade history.
- Your signature: the name you typed, or an image of the signature you drew.
- The date and time you signed, your IP address and your browser's identifying string.
- If you join the Private Preview, when it started, how it was granted and, when it ends, when and why.

2. Why we collect it

- To decide whether we can open your account, including whether you qualify as a non-professional market-data subscriber.
- To meet the requirements of the exchanges and data providers whose data Kassia shows.
- To keep a reliable record of what you agreed to, and to show it if a question or claim arises.
- To run the Private Preview and your plan, and to protect Kassia against fraud and misuse.

3. Who can see it

- Your application and signature are stored separately from the rest of your profile, in our cloud storage with Microsoft Azure in the United States, and can be read only by GY Capital staff we have authorized for compliance work.
- We may share your subscriber status, and where required your identity and certification, with exchanges and data providers that require it, and may share your application with our lawyers, auditors and insurers.
- We disclose it to authorities when the law requires.
- We do not sell it, and we do not use it for advertising.

4. How long we keep it

We keep your application, signature and the related records for as long as you have an account, and after your account is deleted for as long as we need them to show what was agreed, to meet our legal and contractual obligations and to deal with claims. Deleting your account does not delete these records, and it ends any Private Preview you hold.

5. Your choices and rights

You have the rights described in the Privacy Notice. Because these records are evidence of a legal agreement, we may keep them even if you ask us to delete them, where the law allows; we will tell you if we do. You can download the agreements you signed in Kassia under Profile at any time.

6. Contact
